

# Bracknell Forest Multi-agency Risk Framework

---

# Local Authority Safeguarding Duties:

- an adult (18+) who:
- has needs for care and support (whether or not the local authority is meeting any of those needs)
- is experiencing, or at risk of, abuse or neglect
- as a result of those care and support needs is unable to protect themselves from either the risk of, or the experience of abuse or neglect

- During the Covid period there has been greater awareness and visibility of adults in the community whose circumstances do not 'fit' with Care Act safeguarding criteria but about whom there are shared agency concerns
- This has been due to the 'stopping' of things like employment, chances to meet and get together, community activities, church activities etc.
